

The State of Kansas' executive order 20-59 and the KSHSAA have outlined procedures that will be implemented during the fall season. The following procedures have been adopted by the Mid-Continent League to ensure our students will have the best chance to be in school and represent their school in competition.

- **All Events:**
 - Essential personnel only on the field/court
 - No pre- or post-game fan gatherings on the field/court or other places inside the school facilities.
 - Modified post-game sportsmanship
- **Indoor Events:**
 - Masks will be required to be worn by everyone except the current activity participants
 - This includes but not limited to spectators, coaches, players on the bench, people at the score table and gate workers.
 - Social distancing as much as possible
- **Outdoor Events:**
 - Masks will be required to be worn for entry and where social distancing cannot be maintained.
 - For example: Concession stand lines, Restrooms, etc...
- **Temp checks:**
 - Teams will need to do temp checks prior to loading buses for away activities
- **Live Streaming**
 - Each school will do their best to live stream all varsity events
 - Schools are to inform visiting schools of the link to their live streaming

***Each school may add additional restrictions for their facilities based on local health department mandates. To ensure the safety of student athletes and in an attempt to continue competition, the league or individual school may determine to limit or restrict fan attendance at any time.
