Short Model Bullying Plan
USD 412 Bullying Plan

(Also see Policies GAAE and JDDC)

Bullying means: Any intentional gesture or any intentional written, verbal, electronic, or physical act or threat either by any student, staff member, or parent towards a student or by any student, staff member or parent towards a staff member that is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment that a reasonable person, under the circumstances, knows or should know will have the effect of:

- Harming a student or staff member, whether physically or mentally;
- Damaging a student's or staff member's property;
- Placing a student or staff member in reasonable fear of harm; or
- Placing a student or staff member in reasonable fear of damage to the student's or staff member's property.

Bullying also includes cyberbullying. "Cyberbullying" means bullying by use of any electronic communication device through means including, but not limited to, e-mail, instant messaging, text messages, blogs, mobile phones, pagers, online games, and websites.

Additionally, bullying means any form of intimidation or harassment prohibited by the board of education of the school district in policies concerning bullying adopted pursuant to K.S.A. 72-8256 or subsection (e) of K.S.A. 72-8205, and amendments thereto. USD 412 will not tolerate these actions by students, staff, or parents.

For the purposes of this plan and its authorizing policies, "parent" includes a biological, adoptive, or step-parent; guardian; custodian; or other person with authority to act on behalf of a student.

Similarly, a "staff member" means any person employed by the district.

Any act of bullying by either an individual student or group of students towards a student or staff member of the district is prohibited on or while utilizing school property, in a school vehicle, or at school-sponsored activities, programs, and events. This policy applies to students who directly engage in an act of bullying, to students who, by their behavior, support another student's act of bullying, and to all staff members and parents who engage in similar behaviors.

Training concerning identifying, reporting, investigating, and preventing bullying behaviors as outlined in district policies and this plan shall be provided to students and staff members using district resources available for such purpose and shall be provided through school assemblies, staff development, or other appropriate forums annually.

The board or the district administration on behalf of the board may seek student, staff, parent, and/or community input on the adoption, revision, and/or implementation of the board's bullying policies or plan as directed or approved by the board.

No teacher, administrator, or school district employee shall engage in, permit, or tolerate bullying.

Retaliation against a victim, good faith reporter, or a witness to bullying is prohibited. A student or staff member who engages in an act of bullying, reprisal, retaliation or false reporting of bullying, shall be subject to discipline in accordance with school district policy and procedures. The school administration and/or board may take into account the following factors when determining an appropriate disciplinary action for such prohibited conduct: the ages of the parties involved; the developmental and maturity levels, special education needs of the parties involved, and the severity of the behavior.

Discipline guidelines for student bullying may be found in student and employee handbooks. Offenses over time or single offenses which are severe in nature may result in discipline up to and including suspension and/or expulsion or termination from employment. Parents participating in prohibited bullying conduct aimed at district students and/or staff members may jeopardize their access to district facilities; district property; school sponsored activities, programs, and events; and/or district students and/or staff members through the district's communication systems. As appropriate, reports to local law enforcement will be filed to report criminal bullying behaviors. (See Policies EBC, GAAC, GAACA, JGEC, JGECA and KN)

When disposing of any school district property, neither the board nor its agent shall refuse to sell, lease, or convey any interest in a building or property to a prospective buyer or lessee solely because the

prospective buyer or lessee may use or intends to use the building or property as a nonpublic school building.

Disposal of a School District Building

For the purposes of this policy, terms have the following meanings.

- “Building” means any building that was used in any prior school year as an attendance center for students enrolled in kindergarten or any of the grades one through 12.
- “State agency” means any state agency, department, authority, institution, division, bureau, or other state governmental entity.

Within 30 days after the board of education adopts a resolution to dispose of a building, the board shall submit written notice of its intention to dispose of such building to the legislature. Such notice shall be filed with the chief clerk of the house of representatives and the secretary of the senate and shall contain the following:

- A description of the school district's use of such building immediately prior to the decision to dispose of such building;
- the reason for such building's disuse and the decision to dispose of such building;
- the legal description of the real property that is to be disposed; and
- a copy of the resolution adopted by the board of education.

Upon receipt of the notice, the legislature may adopt a concurrent resolution state the legislature's intention that the state acquire the building in the following manner. Such Concurrent resolution shall include:

- The name of the school district that owns such building;
- the information contained in the written notice as outlined herein; and
- the state agency that intends to acquire such building and the intended use of such building upon acquisition.

If the notice is received by the legislature during a regular legislative session, the legislature shall have 45 days to adopt such a concurrent resolution.

If the notice is received when the legislature is not in regular session, then, not more than 45 days after the notice is received by the legislature, the legislative coordinating council may deny the legislative option for the state to acquire the building. If the legislative coordinating council denies this option, the district may proceed with disposing of the building in accordance with Kansas law. If the legislative coordinating council does not deny the option for the state to acquire the building within the 45-day period, then the legislature shall have 45 days from the commencement of the next regular session to adopt a concurrent resolution as outlined herein.

Upon adoption of a concurrent resolution, the state agency named in such resolution shall have 180 days to complete the acquisition of such building and take title to the real property. Upon request of the state agency acquiring the building, the legislative coordinating council may extend the 180-day period for a period of not more than 60 days.

The board shall not sell, gift, lease or otherwise convey the building or any of the real property described in the written notice or take any action or refrain from taking any action that would diminish the value of such property during the 180-day period or any extension thereof.

If the legislature does not adopt a concurrent resolution as described herein within the 45-day period or if the state agency does not take title to the property within the 180-day period or any extension thereof, the school district may proceed with disposition of such property in such manner and upon such terms and conditions the board deems to be in the best interest of the district. Conveyances of buildings and real property described on any legislative notice described herein shall be executed by the president of the board and attested to by the clerk.

School district buildings not meeting the definition of “building” as defined herein, may be disposed of in any manner deemed to be in the best interest of the district by the board, without need for legislative notice under this policy.

KN Complaints

KN

(See BCBI, DE, GAAC GAACA, GAAB, GAAF, IF, IKD, JCE, JGEC, JGECA, and KNA)

General Complaints

The board encourages all complaints regarding the district to be resolved at the lowest possible administrative level. If the investigation and determination procedures of a complaint are not regulated in another board policy or the negotiated agreement, as applicable, it will be designated a general complaint subject to processing under this policy. Whenever a general complaint is made directly to the board as a

whole or to a board member as an individual, it will be referred to the administration for study and possible resolution pursuant to the procedures outlines in this policy.

Informal Procedures

The building principal shall attempt to resolve general complaints in an informal manner at the building level. Any school employee who receives a general complaint shall inform the individual of the employee's obligation to report the complaint and any proposed resolution of the complaint to the building principal. Upon becoming aware of a complaint, the building principal shall, within a reasonable time, but without delay, discuss the complaint with the individual to determine if it can be resolved. If the matter is resolved to the satisfaction of the individual, the building principal shall document the nature of the complaint and the proposed resolution and forward this record to the district compliance coordinator.

If the matter is not resolved to the satisfaction of the individual in the meeting with the principal, or if the individual does not believe the resolution remains acceptable, the individual may initiate a formal complaint.

Formal Complaint Procedures

A formal complaint shall be filed within 10 school days of the conclusion of the informal procedures. The formal complaint shall be in writing and contain the name and address of the person filing the complaint. The complaint shall briefly describe the alleged violation. If an individual does not wish to file a written complaint, and the matter has not been adequately resolved through the informal procedures, the building principal may initiate the complaint. Forms for filing written complaints are available in each school building office and the central office.

If appropriate, an investigation shall follow the filing of the complaint. If the complaint is against the superintendent, the board may appoint an investigating officer. In other instances, the investigation shall be conducted by the building principal, the compliance coordinator, or another individual appointed by the board or the superintendent. The investigation shall be informal but thorough. The complainant and the respondent will be afforded an opportunity to submit written or oral evidence relevant to the complaint and to provide the names of potential witnesses who may have useful information.

A written determination of the complaint's validity and a description of the resolution shall be issued by the investigator, and be forwarded to the complainant and the respondent. If the investigator anticipates a determination will not be issued within 45 days after the filing of the complaint, the investigator shall provide written notification to the parties including an anticipated deadline for completion.

- If the investigation results in a recommendation that a student or staff member be subject to discipline, the specifics will not be included in the written determination provided to the parties to protect the privacy rights of the student or staff member.

- If the investigation results in a recommendation that a student be suspended or expelled, procedures outlined in board policy and state law governing student suspension and expulsion will be followed.
- If the investigation results in a recommendation that an employee be suspended without pay or terminated, procedures outlined in board policy, the negotiated agreement (as applicable), and state law will be followed.

Records relating to complaints filed and their resolution shall be forwarded to and maintained in a confidential manner by the district compliance coordinator.

Appeal Procedures

The complainant or respondent may appeal the determination of the complaint. Appeals shall be heard by the district compliance coordinator, a hearing officer appointed by the board or superintendent, or by the board itself. The request to appeal the determination shall be made within 20 days after the date of the written determination of the complaint at the lower level. The appeal officer shall review the evidence gathered by the investigator at the lower level and the investigator's report and shall afford the complainant and the respondent an opportunity to submit further evidence, orally or in writing, within 10 days after the appeal is filed. Whenever an appeal officer is appointed to review an appeal, the appeal officer will prepare a written report to the board within 30 days after the appeal is submitted for decision. The board shall render its decision not later than the next regularly-scheduled meeting of the board following the receipt of the report and provide the parties with notice of the result of the appeal. Any matter determined by the board in accordance with this process shall be valid to the same extent as if the matter were fully heard by the board without an appeal officer.

Use of this complaint procedure is not a prerequisite to the pursuit of any other remedies including the right to file a complaint with the Office for Civil Rights of the U.S. Department of Education, the Equal Employment Opportunity Commission, or the Kansas Human Rights Commission.

If it is determined at any level that a violation of board policy or school rules occurred, the district will take prompt, remedial action to prevent reoccurrence. The district prohibits retaliation or discrimination against any person for participating in the complaint process; or making a complaint, testifying, assisting, or participating in any investigation, proceeding, or hearing.

Complaints Against the Superintendent

A complaint against the superintendent shall be filed in writing with the clerk of the board of education as soon as possible after the conduct occurs that led to filing a complaint but not later than 20 days after the complainant becomes aware of the alleged violation, unless the conduct forming the complaint is ongoing. The board, or the board's designee, shall investigate the complaint. If the board appoints a designee to conduct the investigation, the designee shall submit a report of the designee's

findings upon which the board will decide the complaint. The board shall review the report and decide the matter as soon as reasonably possible but not later than sixty (60) days after the complaint is filed. After the board has reviewed the report, it may, in its sole discretion, request a meeting with the investigator or any party. The board may extend the timeframe for issuing a decision by providing the complainant with written notice of the proposed decision date. There is no appeal from the board's decision.
