Coding Expenditures in the Budget Document

(Definitions for Functions, Sub-functions, Objects)

Funds in the USD budget document have a general definition as currently used under Kansas law, which would include such funds as general, career and postsecondary education, special education, etc. Within each fund will be a breakdown by function, sub-function, object and sub-object. This document will explain what expenditures should be charged under which code.

Additional information can be found in the Accounting Handbook which is available on the KSDE School Finance website (located under Guidelines). Link: <http://www.ksde.org/Default.aspx?tabid=429>

This handbook explains in detail how functions, sub-functions and objects are used to breakdown expenditures in each of the funds, and includes a section with Guidelines for Activity Funds.

Coding the USD Budget Document

Funds will have the general definition as currently used under Kansas law, which would include such funds as general, career and postsecondary education, special education, etc. Within each fund is a breakdown of five major functions performed by school personnel or activity. These five major functions include instruction, support services, operation of non-instructional services, facilities acquisition and construction services, and other outlays such as debt service and fund transfers.

Functions are further broken down into sub-functions, service areas and areas of responsibility. The major sub-functions fall under the support services. The services include student support, instructional support, general administration, school administration, operations and maintenance, and other support services. Each of these levels consists of activities that have somewhat the same general operational objectives. Furthermore, categories of activities comprising each of these divisions and subdivisions are grouped according to the principle that the activities can be combined, compared, and are related.

For example:

Function	2000	Support Services
Sub-function	2300	General Administration
Service area	2310	Board of Education Services
Area of responsibility services	2313	Board Treasurer

An effort has been made to group together functions in relation to the magnitude of expenditures typically found in the LEA. This grouping corresponds to the categories most frequently requested in reporting to external authorities, especially the federal government. The numbering code for functions are always in even thousands, such as 1000; 2000; 3000; etc.

Within each function or sub-function will be a breakdown of expenditures that will be **object** codes. Examples of object codes would be salaries, employee benefits, purchased professional and technical services, purchased property services, other purchased services, supplies and equipment. The object codes may have a further breakdown by different types of expenditures under each object code. For example, salaries could be further broken down into salaries for teachers and other salaries for instruction.

Below are definitions taken from the KSDE Accounting Handbook explaining what expenditures should be charged under which code. Link: <http://www.ksde.org/Default.aspx?tabid=429>

FUNCTION DEFINITIONS**EXPENDITURES**

Code**1000 Instruction**

Instruction includes the activities dealing directly with the interaction between teachers and students. Teaching may be provided for students in a school classroom, in another location such as a home or hospital, and in other learning situations such as those involving co-curricular activities. This includes expenditures formerly reported under 3400 Student Activities. Teaching may also be provided through some other approved medium such as two-way interactive video, television, radio, telephone, and correspondence. Included here are the activities of aides or classroom assistants of any type (clerks, graders, teaching machines, etc.) which assist in the instructional process.

Include only regular and part-time teachers, teacher aides or assistants, homebound teachers, hospital-based teachers, substitute teachers, and teachers on sabbatical leave. If proration of expenditures is not possible for department chairpersons who also teach, include department chairpersons who also teach in instruction. Full-time department chairperson's expenditures should be included only in 2490.

2000 Support Services

Support services provide administrative, technical (such as guidance and health), and logistical support to facilitate and enhance instruction. These services exist to fulfill the objectives of instruction, community services and enterprise programs, rather than as entities within themselves.

The sub-function of this function includes: Student Support Services, Instructional Staff Support Services, General Administration, School Administration, Business, Operation and Maintenance of Plant Services, Student Transportation, Central Support, and Other Support.

3000 Operation of Non-Instructional Services

Activities concerned with providing non-instructional services to students, staff or the community. This would include such activities as food service operations, enterprise operations (such as LEA bookstores) and community services (such as recreation, public library, and historical museum).

4000 Facilities Acquisition and Construction Service

Activities concerned with acquiring land and buildings; remodeling buildings; constructing buildings and additions to buildings; initially installing or extending service systems and other built-in equipment; and improving sites.

5000 Debt Service

A number of outlays of governmental funds are not properly classified as expenditures, but still require budgetary or accounting control. These are classified under Debt Service. Activities related to servicing the long-term debt of the school district, including payments of both principal and interest. This function should be used to account for bond interest payments, retirement of bonded debt, capital lease payments and other long-term notes. Interest on short-term notes or loans is charged to function 2513.

SUBFUNCTION DEFINITIONS**EXPENDITURES**

Definition - A sub-function is the next level of accounting breakdown under the functions.
Example: For 2000 - Support Services function this would look as follows:

Code**2000 Support Services**

- 2100 Student Support Services
- 2200 Instructional Staff Support Services
- 2300 General Administration
- 2400 School Administration
- 2500 Central Services
- 2600 Operation and Maintenance of Plant Services
- 2700 Student Transportation Services
- 2900 Other Support Services

The numbering code for the main sub-functions is hundreds in the last 3 digits such as 2100, 2200, etc.; 3100, 3200, etc. Further breakdown below the main sub-functions will continue such as:

2110
2111
2112

There are no sub-functions for 1000 - Instruction function category.

OBJECT DEFINITIONS

EXPENDITURES

The final breakdown of expenditures is called object codes. The object codes include such expenditures as salaries, employee benefits, purchased services, supplies and equipment. A detailed breakdown of object codes is provided for those schools that would like a further breakdown.

You will notice in the budget document there will be numerous breakdowns of the major object codes. Whenever there is a breakdown of the major codes, we will list an "Other" expenditure category. All other expenditures which do not fall into one of the categories listed on the budget document should be placed in the OTHER category. For example, in the General Fund for 1000 - Instruction, the 600-object code for supplies has a breakdown: 610 - General Supplies, 644 - Textbooks and 680 - Miscellaneous Supplies. All other expenditures under the 600 series such as 620, 630, 640, 650, 660 and 670 will be listed under the category 680 - Miscellaneous Supplies. This same concept will hold true for other object codes.

Listed below are the nine major object codes and their definitions:

Code

- 100 Personal Services - Salaries** - Amounts paid to all employees of the district. This includes gross salary for personal services rendered while in the payroll of the district and insurance payments reduced under section 125 plan.
- 200 Employee Benefits** - Amounts paid by the district in behalf of employees; these amounts are not included in the gross salary, but are in addition to that amount. Such payments are fringe payments and, while not paid directly to employees, nevertheless are part of the cost of personal services. *Used with all functions except 5000 - Debt Service.*
- 300 Purchased Professional and Technical Services** - Services which by their nature can be performed only by persons or firms with specialized skills and knowledge. Included are the services of architects, engineers, auditors, dentists, medical doctors, lawyers, consultants, teachers, accountants, etc.
- 400 Purchased Property Services** - Services purchased to operate, repair, maintain, and rent property owned or used by the district. *These services are performed by persons other than district employees.*
- 500 Other Purchased Services** - Amounts paid for services rendered by organizations or personnel not on the payroll of the district (separate from Professional and Technical Services or Property Services). While a product may or may not result from the transaction, the primary reason for the purchase is the service provided.
- 600 Supplies and Materials** - Amounts paid for items that are consumed, worn out, or deteriorated through use.
- 700 Property** - Expenditures for acquiring fixed assets, including land or existing buildings; improvements of grounds; initial equipment; additional equipment; and replacement of equipment.
- 800 Debt Service & Miscellaneous** - Amounts paid for goods and services not otherwise classified above.
- 900 Other Uses of Funds (Appropriated Funds Only)** - This series of codes is used to classify transactions which are not properly recorded as expenditures to the LEA but require budgetary or accounting control. These include redemption of principal and interest on long-term debt and fund transfers. *Used with governmental funds only.*

FUNDS

Description

- **General Fund, Supplemental General Fund** (i.e. Local Option Budget or LOB)
Accounts for all financial resources of the LEA except those required to be accounted for in another fund.

Account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditure for specified purposes. Special revenue funds may include: restricted state or federal grants-in-aid; restricted tax levies.

A separate fund may be used for each restricted source, or one fund may be used supplemented by the dimension Project/Reporting code.
- **Capital Project Funds**
Account for bond proceeds used to acquire or construct major capital facilities.
- **Debt Service Funds** (Includes: Bond & Interest, Special Assessment, No-Fund Warrants and Temporary Notes)

ACCOUNT GROUPS

The following are not funds, and therefore, do not report operations like the general fund or a special reserve fund:

General Fixed Asset Accounts

All of a governmental unit's fixed assets which are not recorded in an enterprise, internal service, or trust fund, should be recorded in the General Fixed Assets Account Group. It is essential that a list of the district's fixed assets be maintained to help ensure accountability.

General Long-Term Debt Account Group

All of a governmental unit's long-term debt that is not recorded in an enterprise, internal service, or trust fund, should be recorded in the General Long-Term Debt Account Group. It is essentially a list of the district's debt that has not matured (i.e. general obligation bonds, temporary notes, and no-fund warrants). It would also include liabilities for certain compensated absences (i.e. vacation and sick leave) and other claims and judgments against the district.

On the [School Finance website](#) (Guidelines and Manuals screen), download the [Activity Fund Guidelines handbook](#) for guidance to establish and maintain control over activity funds. Three types of activity funds are listed below:

- **Student Activity Funds:** Student Activity Funds consist of those activities that revolve around a student organization (FFA, FHA, Debate, Marching Band, etc.).
- **District Activity Funds:** District Activity Funds consist of co-curricular activities that have student participation in the activity, but are administered by the district (i.e., athletic events, music concerts, plays, book fair, etc.).
- **Non-Activity Funds:** Non-Activity Funds are collected at the building level and include fee funds, sales tax moneys, revolving funds, and petty cash.

The District's Accomplishments and Challenges

Accomplishments: Hoxie is a small community with pride and high expectations for our youth. We strive to meet the individual needs of all students through a well-rounded quality education. The buildings are both accredited and well maintained. Our graduation rates over the past decade are nearly perfect and our students excel in both academics and extracurricular activities. We have a fully licensed and highly qualified staff. We are opening a daycare with staff priority this fall. Our school funds a well-attended preschool program with most 3 and 4-year old's participating before entering kindergarten. Students have many scholarship opportunities for post-secondary learning. Hoxie has enjoyed a vibrant and growing population. We have seen growth in businesses, community population and overall enrollment at USD #412 for the past three years. Hoxie is a community where people can raise a family and have a school that provides a high-quality education with an attitude that supports all students.

Challenges: The number one concern for our district is the unknown financial dilemma in Kansas. The growing community has caused a shortage of available affordable housing for new families and a high need for daycare spots that our community is not in the position to offer. Our location and increasing student population combined with a statewide teacher shortage make finding highly qualified teachers more difficult every year.
